# RCI Points® Partners Program

## What's New?

You've always had the freedom to exchange your **RCI Points** for airfare, hotel stays and more. And recent improvements to the program now give you even more options in how you exchange your **RCI Points**.

### Fewer limitations. Increased flexibility.

- Book air tickets, car rentals and hotel stays with as little as three days notice, rather than having to reserve 14 days or more in advance.
- No more Saturday night stay requirements, availability restrictions or round-trip requirements for airfare.
- More hotel accommodation options than ever before.

### How does it work?

Your **RCI Points** are converted to discounts – which are applied toward the cost of airfare, hotel stays, rental cars, theme park admission tickets and much more. Use the chart below to convert your **RCI Points** into dollars-off savings.

**Effective May 6, 2008:** Discounts are applied based on the cost of the item, and are assigned at the level closest to the cost, without going over.

For example, say you want to purchase round-trip airfare from New York City to Aruba, valued at \$625. You may exchange 70,000 **RCI Points** for \$600 in savings on the ticket price. So, rather than purchasing the ticket for \$625, simply exchange 70,000 **RCI Points** and pay the balance of \$25 (plus applicable transaction fees.)

Note: This is a change from the previous structure in which lower discount amounts could be applied. Keep in mind there are lots of program opportunities at all discount levels.

Exchange this many RCI Points*...	...for this discount amount.**
